Permitting Authority: SCDHEC – EQC (SW) (WS/WW)

Various Counties

Project Name: Final Generic Amendment to the Fishery Management Plans in the Gulf of Mexico and South Atlantic Regions: Modifications to Federally-Permitted Seafood Dealer Reporting Requirements

CZC ID#: CZC-13-0371

Site address or general location description: Seafood dealers located within all South Carolina Coastal Zone counties

TMS# N/A

Type of Activity: proposed actions in the amendment include: 1) Require a single dealer permit to purchase the following federally-managed species or species complexes, except South Atlantic coral, South Atlantic *Sargassum*, Gulf of Mexico coral and coral reefs, and penaeid shrimp species, Atlantic Dolphin-Wahoo, South Atlantic Golden Crab, South Atlantic Rock Shrimp, South Atlantic Snapper Grouper (including wreckfish), Gulf of Mexico Reef Fish, Gulf of Mexico and South Atlantic Coastal Migratory Pelagics, Gulf of Mexico and South Atlantic Spiny Lobster and Gulf of Mexico Red Drum; 2) Require forms be submitted *electronically* (via computer or internet) at weekly intervals, however, during catastrophic conditions only, the ACL monitoring program provides for use of paper-based components for basic required functions as a backup; and 3) Establish requirements to maintain a dealer permit. A dealer would only be authorized to receive commercially-harvested species if the dealer's previous reports have been submitted by the dealer and received by NMFS in timely manner. "No purchase forms" must be submitted at the same frequency, via the same process, and for the same species as specified for "purchased forms" in Actions 1 and 2. Any delinquent reports would need to be submitted and received by NMFS before a dealer could receive commercially harvested species from a federally-permitted U.S. Vessel.
